Empowering Innovation at NITK Surathkal through HackVerse 5.0

NITK Surathkal has a rich history of fostering innovation and producing exceptional graduates. We, the students of **NITK Surathkal**, are conducting a nationwide hackathon named **'HackVerse 5,0'** at our campus on the **11th-12th of January 2025**, where we intend to host approximately **500+** students from across the country and provide them with a platform to innovate within 24 hours. So far, we have received over **2100+ applications** from **120+** institutes across India.

The Campus Innovation Challenge:

As a precursor to HackVerse 5.0, we launched the "Campus Innovation Challenge," an initiative designed to identify pressing issues within our campus ecosystem. We have taken the following steps:

- **Problem Collection**: We have **strategically placed QR codes across campus**, allowing students, faculty, and staff to easily submit problems they believe require innovative solutions. This inclusive approach ensures we capture a diverse range of challenges.
- **Strong Initial Response**: We are pleased to report a significant and positive response to the challenge, demonstrating a strong desire within our community to drive positive change.

HackVerse 5.0: Turning Ideas into Reality:

HackVerse 5.0 will serve as the platform to transform the collected problems into tangible solutions. The event will bring together talented students, mentors, and industry experts to collaborate, develop prototypes, and showcase their innovative ideas.

Our Need for Your Support:

To maximize the impact of HackVerse 5.0 and provide meaningful support to the participating teams, we are seeking monetary contributions from our alumni. Your generous support will directly fund:

- **Prizes and Awards**: Providing attractive prizes will incentivize participation and recognize the outstanding achievements of the winning teams. These awards will act as seed funding for the most promising projects, encouraging further development and implementation.
- **Event Logistics**: Your contribution will cover essential event costs, including venue rental, catering, technical infrastructure, marketing, and promotional materials.
- **Mentorship and Workshops**: We aim to provide valuable mentorship opportunities and workshops led by experienced professionals, enhancing the learning experience for participants and increasing the quality of the developed solutions.

Why Support HackVerse 5.0?

- **Investing in Future Innovators**: By supporting HackVerse 5.0, you are directly investing in the development of future innovators and problem-solvers from your alma mater.
- **Driving Campus Improvement**: The solutions developed during the hackathon have the potential to directly address and improve various aspects of campus life, benefiting the entire NITK community.
- **Strengthening the Alumni Network**: Your involvement will further strengthen the bond between our alumni network and the current student body, fostering a sense of community and shared purpose.
- **Showcasing NITK's Innovation Ecosystem**: HackVerse 5.0 will showcase NITK as a hub for innovation, attracting attention from industry partners and potential future collaborators.

We believe that HackVerse 5.0 has the potential to make a significant impact on our campus and beyond. We invite you to partner with us in empowering the next generation of innovators by contributing to this exciting initiative. Any level of support is greatly appreciated and will be acknowledged appropriately.

We have also attached our event brochure for more details about HackVerse and our sponsorship Details. Apart from the listed options, we are open to discussions and tailor-made collaborations.

Thank you for considering our request. We look forward to your partnership in making HackVerse 5.0 a resounding success!

Best Regards,
Ujjwal Anand
